

INTRODUCTION

WHAT WE DO

Farr Law Group is a trusts and estates boutique. We focus in a few specific areas:

- ° *Estate Planning*
- ° *Estate Litigation*
- ° *Probate and Trust Administration*
- ° *Real Estate*
- ° *Business Succession*

This means higher value for clients because chances are we have seen the problem before, solved it, and can solve it again.

OUR PHILOSOPHY

We recognize that for a solution to work *it must actually work* - in real life - not just on paper. Farr Law Group attorneys and staff solve complex estates and trusts problems every day, always with technical precision, responsiveness, and compassion.

OUR HISTORY

Our founder, Dan Farr, began his career in 1972, working for long time Enumclaw attorney, Phil Biege. Four years later Dan started his own firm, Farr & Gustafson, with his law school classmate Roger Gustafson. The firm narrowed its practice to trusts and estates after Roger's retirement in 1996, changed its name to Farr Law Offices in 2006, and then to Farr Law Group in 2011 after Dan's retirement.

LOCATION

Farr Law Group is in Enumclaw, Washington, but its clients come from all over the state. The drive - about an hour from Seattle - is made easier with onsite parking and light traffic. Clients find the trip more pleasant than to downtown Tacoma or Seattle.

Whatever your challenge, call us. We can help.
